SCHOOLS CAPTAINS’ SPEECHES

Good afternoon, teachers, parents, care givers and students.
My name is Riley Leadbeatter. I am running for the position of school captain of Bell P - 10 State School. I believe I am well suited to this role because I possess the qualities needed to lead our school. I am determined to be enthusiastic, a good role model and a team player, who is willing to get involved with all school activities. I will be fair and understanding when approached by others, and listen attentively to the opinions and suggestions brought forward.
I will endeavour to lead Bell P - 10 State School following the principles of our school expectations:
- To be Safe
- To be Respectful
- To be an Active Learner

When I first came to Bell State School, I was very unsure of myself and if I was going to fit in at the school. From the start though, I was fully supported by the teachers, gaining confidence in...
Thank you everyone for the opportunity to promote myself for the role of Respectful and being an Active Learner. It is about taking on responsibility, being safe, being respectful and speaking on behalf of our wonderful school. For me to become school captain is not about a fancy name or title, but about being a leader who can represent our school with pride.

In conclusion, I think I would be the best person for these roles as I believe in being a leader who is responsible, respectful, and safe. I want to be a captain you can be proud of.

Lastly, I will wear my uniform with pride whether it is green for Bunya or formal for school and I will encourage you to do the same. I want to be a captain you can be proud of.

“Good afternoon teachers, students, parents and caregivers. My name is Sarah Morrow and I have nominated myself for two roles at Bell P-10 State School for 2017 - School Captain and Secondary Bunya House Captain. I consider myself the type of leader who would not only want you to have a go and try your best in sports but in your grades and behaviour as well. Firstly, it would be my duty as Bunya House Captain to encourage you to do your best and support our team. I will always participate in sporting events, help organise sport’s carnivals and assist teachers as required. Secondly, as a school leader I would encourage our school to work together as a team and strive for success. I will take on responsibilities to set a positive example for my fellow students and I will be fair, kind and honest to students, parents and teachers. I will be part of the Student Council by regularly attending meetings and working towards fundraising to assist our school and the wider community. Lastly, I will wear my uniform with pride whether it is green for Bunya or formal for school and I will encourage you to do the same.

I want to be a captain you can be proud of. In the short time I have been here, I have learnt a lot and I believe that together we can grow.

In conclusion, I think I would be the best person for these roles as I would give a warm welcome to all visitors, treat everyone with respect and speak on behalf of our wonderful school. For me to have a chance to be school captain is not about a fancy name or badge. It is about taking on responsibility, being safe, being respectful and being an active learner. Thank you everyone for the opportunity to promote myself for these positions and good luck to my fellow nominees.”

Sarah Morrow.

We celebrate:
- Amy Cox for being an Active Learner by gluing her plants and animals so neatly into her scrap book.
- Bill Harkin for being an active Learner by completing his spelling sheet independently and promptly.
- Hamish Coleman for being an Active Learner by contributing enthusiastically to discussions about animals in Science.
- Finnian Burns for being an Active Learner with a great start to 2017 by putting his best effort into all his classroom work.
- Sharon Fogg for being an Active Learner with a wonderful start to 2017 with a fantastic effort with all her class work.
- William Green and Don Custodio for being Active Learners by practicing their show baking submission at home and asking questions to grow their understanding.
- Aaron Gleeson for bring Respectful by using his manners and always having a polite greeting for the new English teacher.
- Jesse Brough-Coates for being an Active Leaner by staying on task in English lessons and working hard to complete tasks.
- Dean Froholff for being an Active Learner by practicing decorative elements at home to ensure a fast, polished performance in the Home Economics.
- Mr Mark Fullagar and Mr Jason Edmondstone for keeping the Home Economics kitchen safe by replacing and repairing equipment quickly and efficiently. Much appreciated!
- Thomas Edwards for being an Active and Respectful Learner by listening to instructions and being ready to work. He always uses polite words and actions.
- Ben McLaughlin for being an Active Learner by repeatedly demonstrating readiness for learning and focus during class time. He also chose to challenge himself in English.

SEMESTER 1 OVERVIEWS
INDUSTRIAL TECHNOLOGY & DESIGN / STEM
Welcome back to another great year. This year sees me in a couple of new teaching positions; taking on the Primary Design Technology learning area and STEM in the secondary, as well as my subjects from 2016. Please read through the following brief outlines for the semester. If you have any questions please track me down and ask.

<table>
<thead>
<tr>
<th>Learning Area</th>
<th>Year Level</th>
<th>Overview</th>
</tr>
</thead>
<tbody>
<tr>
<td>Design Technology</td>
<td>Prep – 2</td>
<td>Students will learn about the history of puppeteering and the materials that can be used. They will make simple finger puppets and more advanced puppets next term performing to an audience.</td>
</tr>
<tr>
<td></td>
<td>3 – 4</td>
<td>Students will explore food from the past, comparing them to current foods, creating a lunch item from both eras.</td>
</tr>
<tr>
<td></td>
<td>5 - 6</td>
<td>During Hands off, students are going to learn how designed solutions use electrical energy to control movement, light or sound, designing a personal security device.</td>
</tr>
<tr>
<td>Industrial Technology &amp; Design</td>
<td>7 – 8</td>
<td>Working with metal: students will craft a metal dust pan, building skills. After which, they will design a solution to a problem demonstrating their new sheet metal skills.</td>
</tr>
<tr>
<td></td>
<td>9 – 10</td>
<td>Working with timber: students will craft a napkin holder, building skills. After which, they will design a solution to a problem demonstrating their new wood working skills.</td>
</tr>

PRIMARY COMPUTER SKILLS & DIGITAL TECHNOLOGIES

Prep - Year 2 Computer Skills
During Term One, students will explore digital cameras and IPad to take photos of different subjects. They will learn about Microsoft Word and the functions which can be used to digitally enhance photos. Students also practice keyboard and mouse skills.

Year 3 / 4 Computer Skills
This term, the students have been learning how to improve their photography skills. They will also be using the functions of Microsoft Word to improve the appearance of their photos and their work.

Prep - Year 2 Digital Technologies
In the unit ‘Computers: Handy Helpers’ students will learn how digital systems are used for particular purposes in daily life, use digital systems to present data creatively to convey meaning. Students will also describe, follow and apply a sequence of steps in non-digital and digital contexts.

Year 3 / 4 Digital Technologies
During Semester One, students will explain what they know about digital systems and create a simple guessing game using visual programming language.
